Summary — Aspiring Data Analyst with hands-on experience in data cleaning, transformation, validation, and exploratory data analysis (EDA). Proficient in SQL (Joins, CTEs, Query Optimization), Python (Pandas, NumPy, Matplotlib), and visualization tools including Power BI, Tableau, and Excel (PivotTables, Charts, Dashboards, KPI Design). Skilled in data storytelling, stakeholder communication, collaboration, and problem-solving, with strong attention to detail. Experienced in version control using Git/GitHub and Jupyter Notebook, enabling efficient project tracking and reproducible analytics workflows. Adept at transforming raw data into actionable insights to drive informed decision-making.

Skills

Data Analysis : Data Cleaning, Transformation, Validation, Exploratory Data Analysis (EDA), Trend & Statistical Analysis

Visualization Tools : Power BI, Tableau, Excel (PivotTables, Charts, Dashboards), Dashboards, KPI Design

Programming & Databases : Python (Pandas, NumPy,

Matplotlib), SQL (Joins, CTEs, Query Optimization)

Version Control : Git/GitHub, Jupyter Notebook

Interpersonal Skills : Data Storytelling, Stakeholder Communication, Collaboration, Problem-Solving, Attention to Detail, Creative Problem Solving

Internship

AI/ML Intern – Techno Future India LINK 

Dec 2024 - Apr 2025

- Developed and tested AI/ML models with a focus on data cleaning, preprocessing, and analysis to extract actionable insights.
- Built and optimized data pipelines for efficient model training and integration of AI workflows across datasets.

ChatGPT / Gen AI Intern — APSCH E & Blackbuck Engineers LINK 

May 2024 - Jul 2024

- Applied Generative AI tools to analyze datasets and generate insights for decision-making.
- Created interactive reports and visualizations to communicate findings and support cross-functional teams.

Projects

Power BI Sales Dashboard LINK 

- Developed interactive Power BI dashboards to visualize sales trends, KPIs, and key business metrics.
- Cleaned, transformed, and aggregated complex datasets using SQL and Excel to ensure accurate reporting.
- Generated actionable insights for stakeholders, supporting data-driven operational and strategic decisions.

Excel KPI Dashboard – Interactive Business Performance Tracker LINK 

- Designed and maintained Excel dashboards with PivotTables, charts, and Power Query for comprehensive business analysis.
- Processed, validated, and visualized large datasets to track sales performance, trends, and KPIs.
- Delivered insights and reports that improved operational efficiency and informed decision-making.

Education

KKR & KSR Institute Of Technology And Sciences

Bachelor of Technology in Information Technology

CGPA: 79.1 — 2021 : 2025

NRI Junior College - MPC

Marks: 795 — 2019: 2021

Aditya High School - SSC

CGPA: 7.8 — Passout: 2019

Certifications

- Completed GenAI Powered Data Analytics Job Simulation , gaining hands-on exposure to applying Generative AI in data analytics workflows (Sep 15, 2025, Forage) 
- Completed Data Analytics Job Simulation, demonstrating practical skills in data analysis and problem-solving (Sep17,2025,Forage) 
- Certified in SQL from Hackerrank (Jul 25, 2024)
